SELECTMEN'S REPORT

---

*To the Citizens of Boscawen:*

The same condition of unemployment as last year, prevailed during the current year. We were able to procure W. P. A. assistance again to help meet this condition and we submit the following report.

Under Project 2012, Forest Fire Hazard, nine miles of road and fire lanes were opened. Hurricane slash was cut and burned along 4600 feet of highways and extending 50 feet back from edge of road. 59 acres of land around public and private property and places of public travel were cleared and brush burned. The amount of payroll received for this project was \$6,881.98.

Under Project 1640, Roads,  $4\frac{1}{4}$  miles of new road were constructed, .3 of a mile of this was oiled and  $1\frac{1}{4}$  miles were treated with Calcium Chloride, which has been used in other states but only recently recommended in New Hampshire. We are experimenting with this on the Goodhue road, from the D. W. Highway to Water Street, with the exception of that already oiled, and on North Water Street a short distance, including Dunbar Hill. The chemical action forms a hard surface  $3\frac{1}{2}$  inches deep, which if it withstands our climatic conditions will make an inexpensive road as compared to oiled roads. Maintenance is also much lower. We have used 8000 yards of gravel and fill, 272 feet of reinforced concrete pipe, varying from 12 inches to 36 inches in diameter, for better drainage at various sections. Under this project we received \$6,478.99 as W. P. A. payroll. It would have been impossible to build this amount of roads if we had not used W. P. A. funds jointly with T. R. A., town and flood damage funds. The roads completed were the North Water Street, Goodhue road, Knowlton road, Prospect and Oak Streets and the Sargent road,

which eliminated the reconstruction of the Eastman roads badly damaged by flood. Prospect and Oak Streets were treated with two coats of oil.

Under Project 2151, Sewers, we have laid 1636 feet of 8 inch Akron pipe on Chandler street and Chandler street extension. This drainage system was made possible by the co-operation of the City of Concord who laid a new pipe from the Boscawen line to their sewer on Elm street, to which our sewer was connected. By this co-operation several houses were accommodated for sewerage disposal. This project carried a payroll of \$2,115.10.

Project 2190, Water Systems, received \$3,051.48 as W. P. A. payroll. We laid 2000 feet of 6 inch universal iron pipe, 1600 feet of 1½ inch copper tubing, and 185 feet of ¾ inch copper tubing. Two new hydrants were installed. This project was sponsored by the Penacook-Boscawen Water Precinct and it furnishes water supply and fire protection to additional property holders.

Project 1755, Parks and Playgrounds, was sponsored by the S. O. S. and \$2,718.72 was received from W. P. A. In the park, remaining stumps were removed and the holes filled. All trees were trimmed and underbrush cleared and on the mountain joining the park all available logs were cut, cord wood salvaged, and all brush burned, clearing the land and reducing fire hazard.

Other recipients of W. P. A. funds through state sponsored projects received \$4,200.00.

The total amount received in town for W. P. A. projects was \$25,446.27. To obtain this money and to use it where it would do the most good under the stipulations, required considerable thought and time but without these funds, a large number of people would have had no employment and the town would not have had these permanent improvements.

The relief was a few dollars more than we anticipated a year ago, due to a new regulation of the federal government,

making it compulsory for all workmen, who had received 18 months of consecutive employment on W. P. A., to take a 30 day lay off. Owing to the state's quota being filled, some of our workers were obliged to wait four months for reassignment making it necessary for the town to give some of these workmen aid during this time and also due to an increase in Old Age Assistance.

The lumber from the town lot, which was damaged by the hurricane, and we operated, has been sold. We have received for this lumber \$3,337.42. Only a part of this was received when the books were closed on January 31st. Lumber was used from this lot for town purposes to the value of \$330.00, consisting of 4 inch bridge planks, 2 inch oak rail plank, 1 inch square edge, 1 inch round edge and 8 x 8 and 12 x 12 oak, also oak fence posts. This makes the total value of town lumber \$3,667.42. The net proceeds will be applied to the town debt as per vote of March, 1939.

Respectfully submitted,

HOWARD L. HOLMES,  
CLYDE G. FAIRBANKS,  
*Selectmen of Boscawen.*

## AUDITORS' REPORT

We, the undersigned Auditors of accounts of the Selectmen and Treasurer of the Town of Boscawen for the years 1939-1940, report that we have examined the accounts and find receipts and cash on hand to have been \$129,207.66 from January 31, 1939 to January 31, 1940, and disbursements paid on orders from the Selectment from Nos. 8649 to Nos. 9492 inclusive, to have been \$121,792.28. All of which are properly vouched and correctly cast.

We have also examined the books of the Town Clerk, Tax Collector, Trust Funds and Municipal Court and find the same correct.

## CITIZENS OF BOSCAWEN WITH YOUR COOPERATION

If our local forest fire organization will be able to continue its splendid record during the coming year, our town will be spared costly fire losses and suppression expenditures.

We were fortunate last year because you were careful, complied so willingly with forest fire regulations and consulted with our local warden before undertaking any burning on your property.

This cooperative spirit is more essential this year because, as you well know, conditions in the blowdown sections will be much more critical than last year. Material will be more highly inflammable and fire occurring in these areas will be more difficult to control.

For everyone's guidance the following suggestions are made:

1. DON'T burn brush or other debris in or near woodlands, or where fire may be communicated to such land, *once the snow has left the ground*, without first securing written permission from the forest fire warden.

Violation of this requirement makes the responsible party liable to—

- a. A fine not to exceed \$500.00 or imprisonment of not more than one year or both.
- b. The town for expenses incurred by the warden in attending or extinguishing such fire.
- c. Damage to abutting owners if fire runs upon abutters' property.

2. DON'T drop or throw from any vehicle while same is upon a public highway or private way and

DON'T drop, throw or otherwise deposit on or near woodlands any lighted match, cigar, cigarette, live ashes or any other substitute liable to cause a fire.

Violation of these prohibitions penalizes whoever is found guilty with a fine of not more than \$25.00.

3 DON'T fail to promptly notify your local warden of any fires you see.

Because some New Hampshire citizens refused or failed to comply with necessary regulations in 1939, they were obliged to pay the costs of fire suppression and in some instances appear in court.

A little team work will be most beneficial to all of us and save you and your town much trouble and expense. Good citizenship dictates it. Good judgment demands it.

BOSCAWEN PUBLIC LIBRARY

---

The schedule at the library maintains these hours the year round, namely:—Tuesdays, 2:00 to 4:30 o'clock; and 6:30 to 8:00 o'clock; Saturdays, 2:00 to 4:30 o'clock.

Penacook Branch, Mondays, 3:00 to 5:00 o'clock; Wednesdays, 3:00 to 8:00 o'clock.

Sub-stations still continue at the Water Street school, where adult books are available, also at the Merrimack County Farm.

The Vacation Reading Club was conducted as usual with 30 registering at Boscawen and 38 at Penacook.

Book Week was observed as usual. The Penacook party was held at the Main Street school where pictures from the Fish and Game department, "Birds and Animals" of New Hampshire were shown. Boscawen children were entertained at the library with stories told by Mrs. Louise Tandy, Assistant Librarian at the Franklin City Library. The librarian awarded the certificates to the boys and girls who completed the work required in the club.

The Penacook and Boscawen Congregational churches enrolled in the reading contest.

The librarian attended 18 district library meetings over the state as second vice-president of the state association. Mrs. Emery was re-elected secretary and treasurer of the local district; attended N. E. Conference of Librarians at Wentworth-by-the-Sea, New Castle, N. H.; served on hospitality committee; attended the 50th anniversary of the New Hampshire Library Association held at Plymouth and was elected first vice-president of the association.

Circulation this past year has been 22,523; adult-fiction, 11,624; non-fiction, 2,353; Juvenile-fiction, 5,317; non-fiction, 3,229; magazines, 1,209. It is to be noted there was a slight drop over last year on adult books, due to the fact that more people have been employed and had less time

for reading, but the Juvenile circulation increased by 238 books.

Through the services of two federal workers Mrs. Ethel M. McGrale and Mrs. Mary McIntyre, the following has been accomplished: Duplicate card catalogue for Penacook Branch completed and steel file for same added; all books of non-fiction in the public library listed for State Library Union List; 1268 books mended.

240 books have been added—79 by gift; 161 by purchase. We would express our thanks to the donors: Mrs. A. C. Alexander for 25 volumes of fiction; Mrs. Alice M. B. Ranney for 14 volumes; Mr. and Mrs. Edward G. Webster for a complete set of Charles Dickens in 15 volumes; Mr. and Mrs. Edward Hastings and family for 21 volumes; one book each from Miss Edna Ballard, Rev. Asa M. Parker, Mrs. Willis G. Buxton and Mrs. Villa H. Wight.

The librarian, assisted by Mrs. McGrale, had an interesting exhibit at the Community Fair sponsored by Ezekiel Webster Grange. During the Christmas holidays the library was attractive with decorated trees and wreaths.

The Library Trustees have held monthly meetings. Until the past three months the meetings were held at the home of Mr. Willis G. Buxton, who is restricted to his home by illness and the trustees regret his absence as he is a valued member, having served 40 years on the Board of Trustees.

What might have been a serious fire at the Boscawen Public Library, Sunday, January 28, was averted by the quick action of Albert Merrill, a 13 year old boy living at the home of Mrs. Elsie Sanborn.

Albert discovered smoke coming from the chimney and basement windows about 2:00 o'clock in the afternoon. He notified policeman Harry Hurd and sounded the alarm. The Muchido Hose Co., responded quickly and soon brought the fire under control. The fire was caused by an over-heated chimney which set fire to the wood in the basement.

Most of the damage was done by the smoke and intense heat. As an appreciation, the Board of Library Trustees, presented Albert with a sled.

Herbert G. Abbott of Concord was given the contract to redecorate the library. Fred Brown, a native of Boscawen, foreman of the work, with a crew of men, began the work of re-decorating February 5th and completed the job February 16th. Hervey Folsom did the basement work. Mrs. Majorie Emery and assistants cleaned the books. As one enters the library it is now as attractive as when first built.

ELIZABETH G. HALL,

*Sec'y of Board of Trustees.*

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

*To the School Board and Citizens:*

With the exception of the change at Water Street, we have been able to hold all our last year's teachers. The number of pupils, which increased in 1937-38 and dropped back in 1938-39, is at date larger than in either of the previous years.

While frequent fluctuations may be of little importance, it is interesting to note that during the past eighteen months the membership of the Water Street school has been 50 per cent higher than at any time during the past decade.

Improvements in the buildings and equipment during the past year include: weather strips for windows at Plains and Main Street schools; an oil-burning furnace at Main Street school; single seats at Water Street school.

The School Board's Budget for the coming year calls for a somewhat smaller amount of money than last year. By closing High Street school the amount for teachers' salaries becomes less and for transportation a little more.

The estimate for High School Tuition is \$300.00 more than last year. As one of the by-products of the depression of the early 30's and its aftermath, fewer and fewer boys and girls of early high school age have been able to find employment. No doubt this situation helps to increase the size of high school classes.

The call for Child Labor Certificates had nearly ceased in the territory served by this office before the federal laws made it illegal for factories to employ children between 14 and 16 years of age. The time is fast coming when, with very rare exceptions, EVERY YOUNG PERSON UNDER EIGHTEEN YEARS OF AGE should be offered in our high schools courses fitted to help him toward higher efficiency during his hours of labor for his support, and worthwhile occupation for his leisure hours.

No more important project can be undertaken, by our school districts or by our federal government, than the prevention of enforced unemployment and aimless idleness among our youth. No tax-payer but the thoughtless one can regret the increase in the percentage of children who enter high school, when the choice is between occupation there or loafing.

And no one responsible for the operation of our schools can fail to realize the need to make the time at school as profitable as possible, to make changes in the schools which will make them better adapted to fit their pupils for the life ahead of them, both its work and its leisure, to be lived under conditions so tremendously different from those of the life for which the schools of yesterday tried to fit you and me.

We residents of Boscawen, not as tax-payers but as parents and citizens interested in our community's welfare, have a definite interest in what our most accessible high school may be able to do in the near future to offer their pupils a better preparation for the life ahead of them, better intellectually, morally, physically, socially.

Considering the trend of our industrial and social life I think it possible that the time may come when parents living at some distance from either of our two larger schools may wish to see grades seven and eight consolidated at the Main Street school, with provision made to offer them the practical arts subjects in Penacook High School, the equipment for which we could hardly afford to duplicate. This is by no means a recommendation at this time, but you and I need to be considering what we can do to make our good schools better.

Respectfully,

GEORGE W. SUMNER.

March 5, 1940.

THE "NO SCHOOL" SIGNAL

Two strokes of the fire alarm bell given three times (2-2-2), and the same number of blasts of the siren on Torrent Hose House, is the signal for closing schools for one session. Its meaning depends on the time of sounding.

When sounded at 7:30 in the morning, ALL SCHOOLS in Penacook will be closed for the forenoon session.

When sounded at 8:00 o'clock, grades one, two, three, and four will be closed for the forenoon session.

When sounded at 11:45, ALL SCHOOLS will be closed for the afternoon session.

When sounded at 12:15, grades one, two, three, and four will be closed for the afternoon session.

In connection with the signal sounded at 7:30 in the morning, the street lights will be turned on for about three minutes.
